## Sonoma Literary Literary

The closing meeting of the Sonoma Literary Society, for the present season, was held Monday evening, May 20th, at the residence of J. E. Van Hoosear. An amendment to the constitution was adopted, fixing the regular meeting nights as the first and third Mondays in each month. A motion was passed declaring a vacation until the first Monday night in September, subject to earlier call by the president.

The evening's program was devoted to the Scotch poet, Robert Burns. Quotations from Burns' poems opened the program. These were followed by a paper on the Life and Character of Burns, by Richard H. Piatt. Miss Stofen gave a pleasing vocal solo, a musical setting of Burns' well known ballad, "My Love is Like The Red, Red Rose." The Society then joined in singing "Bonnie Doon," "Oh, Wert Thou in the Cauld Blast," and others of the songs of the author, after which a group of pictures of the home of the poet, and the scenes of some of his poems, were enjoyed. The program concluded with an enjoyable hour spent in identifying about forty of the famous authors, statesmen and other notables of the 19th century, from engravings. This proved a very interesting diversion. The society hopes for a large accession to its membership when the Fall meetings begin.

## Father Leahy's Sermon

A very large congregation gathered in St. Francis' Church last Sunday morning to hear the baccalaureate sermon delivered by the Rev. Father Leahy to the Sonoma Valley Union High School graduating class, composed of Laura L. Fussell, Sophie A. Weber, Janet A. Munfrey and Elvin S. Tomasi.

The sermon was a model of its kind and the reverend gentleman was listened to with close attention throughout his entire discourse The speaker has a good strong voice, distinct enunciation, and has a most ready command of language. He gave utterance to many wholesome truths and explained a high standard of christian living that it would be well for the young people, as well as the old, to follow.

Father Leahy spoke of the money-madness of the world to-day and the utter folly of neglecting one's own soul for mere material wealth. His advice to the young people, just starting out in the battle of life, was to lead pure upright and religious as well as moral lives, adopting christianity, the only true standard of living, and exhorted them to be good, patriotic citizens.

The young folks will surely find it will greatly promote their religious, moral and social welfare by adhering firmly through life to the standard laid down by Father Leahy.

## All to The Good

"How's business?" queried the drummer.

"Good," answered the village grocer. "I have no competition, you know."

"No competition?" echoed the drummer. "Why, there are two other groceries in town!"

"Yes," rejoined the other, "but they don't advertise."

## Information Wanted

Do any of our readers know of a sausage factory anywhere, that does not confine itself exclusively to beef in the manufacture of their products? If so, we would like to learn the address of such a place. As long as there is no dog tax in Sonoma, we could give them a valuable tip whereby they could secure a big amount of raw material.

## Our Commercial School

It is altogether probable that only a small percentage of the people of this valley fully realize the value of the work done in the Sonoma Valley Union High School. While the work throughout has been kept up to a high standard, we speak at this time of the excellent results obtained in the commercial department established a year ago.

Not a few contended that the high school was not the proper place for commercial studies. A year's trial has proven this to be erroneous. Notwithstanding the fact that this work had to be begun at the bottom and carefully planned out for the special needs of the school and the further fact that many of the students entered at different times and that the school was often housed in inconvenient quarters, the spirit of the class and the interest manifested has been excellent. "Slow but sure," has been the class motto, accuracy and thoroughness being insisted upon at all times.

The idea of exchange of work between the Petaluma and Sonoma classes, has proved highly beneficial to both schools. This week at the request of Prof. Piatt, Messrs H. Waters, A. S. Luce, Jr. and H. E. Cooper, all expert accountants, consented to act as a committee to examine the work of the class in book keeping and commercial forms. The committee spent several hours carefully examining the work submitted and were unstinted in praise of its high quality. They decided that the first prize was due to Miss Janet Munfrey, with honorable mention to Misses Anita Breitenbach and Sophie Weber. The prize was an Ideal Fountain Pen with special bookkeeping point.

The shorthand pupils have studied the Gregg System, one of the most widely taught systems in the United States and for this year have studied only the principals and the acquiring of good form. Some of their work sent to the author of the system brought back the following reply:

Chicago, May 22, 1907.

Mr. Richard H. Piatt, High School
Sonoma, Calif.

Dear Mr. Piatt:

I am in receipt of your letter of the 17th, enclosing samples of the writing of your students, and take pleasure in returning them to you herewith with the qotations and corrections of our examiner. I have indicated the best two in the order of their merit by numbers. The work of these students is very creditable indeed, and I trust that you will extend to them my hearty congratulations and best wishes for their success.

Yours very truly,
(Signed) Raymond P. Kelley.
Sec'y Gregg Pub. Co.

At the annual meeting of the State Teachers' Association at Fresno last December, Prof. Piatt, the teacher in charge of the Commercial Dep't of the local high school, was elected Secretary of of the Commercial Teachers' Dept., a new organization which expects to include the 200 or more commercial teachers in the public schools of California. His skill and successful experience are known abroad as is evidenced by the fact that the editor of the "Typewriter and Phonographic World" of New York, has requested him to prepare an article on commercial education for that magazine.

## Memorial Exercises

Decoration Day was fittingly observed here yesterday by an interesting and appropriate program of exercises in Union Hall, in honor of those who have gone before. The school children gathered at the hall, and marching about to the tune of a march played by Miss Emily Poppe, accompanied by the drum played by Master Rosa. The exercises were opened by a few introductory remarks by F. T. Duhring, president of the day.

The following interesting program was rendered: Remarks by the president of the day. F. T. Duhring. Song by the children, "Battle Hymn of the Republic." Invocation, Rev. R. L. Rowe. Song, "Another Bright Day." Address to the Veterans." Robert A. Poppe. Response for the Veterans, Rev. Chas. C. Cragin. Song, "My Own United States." Recitation, "The Blue and the Gray," Miss Marjorie Buchan. Vocal solo, Miss Vera Buchan. Address, Richard Piatt. Closing song by the assembly, "America."

At 2 o'clock in the afternoon, the Decorating Committee, of which Mrs. J. M. Cheney was chairman, took charge of the floral contributions and proceeded to the cemetery where the graves of the departed were covered with a wealth of floral beauties.

The Committee of the Woman's Club are to be congratulated on the success of the event and are to be thanked for the excellent program provided. A pleasant feature of the day was the fact that ten veterans of the Civil War were present and occupied chairs on the platform.

## Gave Interesting Talks

Ernest Clewe and F. T. Duhring visited the high school Wednesday and upon urgent invitation of Prof. R. H. Piatt, talked with the pupils in regard to business and commercial ways. The former gave some very interesting information about business methods in Germany, observed during his recent trip to the fatherland. Mr. Duhring spoke of the essential elements that make for success in commercial employment. The students greatly enjoyed the gentlemen's visit and remarks.

## Sporting Event

The Sonoma Athletic Club has arranged an interesting boxing contest between two well known athletics, Freddie Ireland of San Francisco, and Jack Brown, of Los Angeles. It will be an exciting 8-round go, between two stubborn fighters. Three good preliminaries have also been arranged for. Admission to the pavilion is 50 cents.

## Death of Mrs. McKinley

The death of Mrs. Ida McKinley wife of our late martyred President William McKinley, has caused sincere regret throughout the nation. She passed away at her late home in Canton, Ohio, last Sunday afternoon. The funeral took place Wednesday and was attended by President Roosevelt, Vice-President Fairbanks, members of the cabinet and many other national officials.

## HOW THE VOTES STAND

Messrs Boyd & Vanucchi, proprietors of Sonoma Grove, are working hard to secure the valuable prize offered by the Expositor to the resort securing the greatest number of votes. Votes are coming in faster all the while. The friends of John Serres of the Bellevue Hotel Nevraumont & Co., of the El Verono Villa, Phil Rossi, of the Swiss-American Hotel, remember each with a bunch of votes this week.

The result of the count last night is as follows:

| NAME | VOTES |

| Sonoma Grove | 4909 |
| El Verano Villa | 2877 |
| Lawrence Villa | 750 |
| Swiss-American Hotel | 1071 |
| French Cottage | 950 |

## Horse Thief Arrested

Word has been received here of the capture of Smith Vreeland, the man who was accused of stealing a horse and buggy near Santa Rosa some weeks ago, driving it down to this valley and selling it to John McNeil, at the Ohm's place. Expositor readers will remember the account of the horse by Dep. Sheriff Jos. F. Ryan, at Murray's blacksmith shop, recently.

It is said that the accused appropriated another rig enroute and sold it for $15. He was arrested in Auburn and detained in the jail there for the offense.

## DELIGHTFUL PARTY

Saturday evening last, the graduating class of the local high school were entertained by the Juniors at the Dresel home at Rhine Farm. The home was prettily decorated with evergreens and the high school colors, yellow and white. The faculty and students of the school began to arrive about 8 o'clock, and were cordially received by Mr. and Mrs. Dresel and the Junior class. Games were played until about ten o'clock, when a dainty repast was served. The rest of the evening was given over to dancing. About midnight, the guests departed and as they left the beautiful scene of merrymaking, were loud in their praises of the hospitality shown them. The party was a delightful affair and an event long to be remembered by those who attended.

## BADLY HURT

A Portuguese sailor named Manuel, was severely hurt last Sunday while working on the deck of the schooner "Sonoma Valley," Capt. Scheller, while sailing in Sonoma Creek. By some means the boom struck the unfortunate man a hard blow in the back rendering him unconscious for some time. Dr. Thomson was summoned and had the man removed to the Broadway Sanitarium where he is resting easily. He will probably be up and around in a few days.

Our Summer Resorts

Nature has greatly favored Sonoma Valley in many ways, mild and equable climate, with no extreme of heat or cold, beautiful scenery, an abundance of the purest water, and hot mineral springs unsurpassed for their health-giving and health-restoring properties.

Many far-seeing and enterprising people, knowing the peculiar advantages Sonoma Valley has over other sections of California have built up a number of summer resorts in this valley, where thousands of people come every year for health and pleasure.

Every resort has found it necessary each year, on account of increasing patronage, to enlarge their accommodations.

We believe a newspaper is not doing its full duty to the community where it is published unless it continually seeks to build up its institutions and exploit its advantages.

The Expositor wishes to make it better known to all health and pleasure seekres that there is no more favorable or enjoyable section in the West than our own Sonoma Valley.

With this end in view, this paper with this issue has started a voting contest which will be continued to August 1, 1907, for the double purpose of keeping the name and fame of our many comfortable resorts before the public and to ascertain which one of them is the most popular

CONDITIONS OF THE CONTEST

Each and every yearly subscription, new and old, to the Sonoma Valley Expositor, paid in before August 1, 1907, entitles the person, paying such subscription to 200 votes for his favorite resort Each 6 months subscription entitles the person paying it to 75 votes for his favorite.

Commencing with this issue in each and every copy of the paper published during the contest a blank coupon will be printed. This, when properly filled out and sent in, counts one vote for the resort named therein

Send in your votes to day and get in the swim:—

PRIZES

FIRST PRIZE—For the resort receiving the highest number of votes. The Expositor will publish free in a special edition of the paper, a full page illustrated write up of the resort, and will furnish free to the winner of the first prize 1000 illustrated booklets advertising the resort.

## THE FIRST LETTER

### A Woman Writes.

THE FIRST LETTER that a sick woman should write or have some one write for her is to Dr. Pierce, of Buffalo, N. Y., asking him if "FAVORITE PRESCRIPTION" is suitable for her case, and he will frankly tell her so if he thinks it is. He may have to ask some questions before he can be sure just what the trouble is.

If you are suffering from uterine disease, the symptoms of which are headache, backache, sideache, pain in various parts of the body, especially in the pelvic region, bearing-down, inflammation, ulceration, then Dr. Pierce will advise you to use his "FAVORITE PRESCRIPTION" for he has had a wonderful experience in the use of this remedy. It is NOT A PATENT MEDICINE but it is a VERITABLE PRESCRIPTION that became his "favorite" when he was engaged in private practice forty years ago and found that it cured more than ninety-eight out of every hundred of all such cases that came under his care.

"The doctor found scores and hundreds of women who were being improperly treated because their troubles were not understood, and he determined to place this remedy that he had used so successfully within reach of the multitudes who were in such sore need of it.

He made it efficient, agreeable to taste, and, best of all, safe for any woman, old or young, to use. It is NEITHER A STIMULANT NOR A NARCOTIC, just a vegetable tonic, and invigorating nervine, composed of native roots of remarkable medicinal virtue in the treatment of this class of diseases, and its RECORD OF MORE THAN HALF A MILLION OF CURES entitles it to full confidence.

The one medicine for the cure of woman's peculiar weaknesses and ailments, the ingredients of which are printed and placed upon every bottle leaving the great Laboratory in Buffalo, N. Y., where it is made, is called Dr. Pierce's Favorite Prescription.

***It Stands Alone*** not only in respect to its ingredients being known, but also as the only specific advertised remedy for woman's diseases which absolutely CONTAINS NO ALCOHOL.

***It Stands Alone*** as the one medicine for women, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "FAVORITE PRESCRIPTION" is made of such ingredients and after a working formula that has thousands of cures to its credit, placing its merits above criticism.

"I suffered with ovarian trouble for many months until I became quite discouraged, as there was scarcely a day when I was not in pain and my health was simply a wreck," writes Miss Olive Hessler, of Syracuse, N. Y. "I read one of your advertisements and decided that I would try Dr. Pierce's Favorite Prescription, as it seemed to have helped so many who were suffering as I did. I found relief after using two bottles, and a cure in three months—from what I considered was incurable. I am very grateful, and so pleased with my recovery. Life looks different to me now, and I shall always give the credit where it belongs—to Dr. Pierce's Favorite Prescription."

Send 31 one-cent stamps to cover cost of mailing and get a copy of the "Common Sense Medical Adviser," over 1000 pages. Address Dr. R. V. Pierce, Buffalo, N. Y.

**Pierce's Pleasant Pellets** These **ORIGINAL Little Liver Pills**, first put up by old Dr. R. V. Pierce over 40 years ago, have been **much imitated** but **never equaled.** They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

## A TOPIARY.

**Sculptured Hedges—Curiously Shaped Trees and Bushes.**

Perhaps you may have been in some old fashioned garden which had one or more trees of odd shapes into which they had been cut and trained years ago. When a number of such trees are growing together the place is called a topiary, and lately people who can afford the money have been contriving topiaries in some parts of their grounds.

We read about sculptured hedges of yew in England as far back as the times of the Tudors. But it was not till the Dutch gardeners came over in the reign of William III. that it became the practice to give curious shapes to trees and shrubs scattered over gardens or brought together into a topiary. Various trees were used, but chiefly yew and box.

The Dutch were fond of making figures out of trees and so were the Italians. At Savona a traveler tells us that he saw a group representing the flight of Joseph into Egypt formed of variegated holly, box, myrtle, laurel and cypress.

All such figures need attention to keep them in order. Shrubs and trees are formed into curious shapes by the help of wires, and much trimming or twisting of the shoots is needed at first. A young tree, therefore, representing a peacock or some other bird will cost a considerable sum. Figures of men, horses, bears, dogs and various animals, including dragons, are other objects of topiary art, as well as letters of the alphabet, triangles and bowls.

One of the finest topiaries in England is in the grounds of Levens Hall, Westmoreland, and another at Elvaston Castle, Derbyshire.

Perhaps as notable as any of the topiaries in this country is that on the Hunnewell estate in Massachusetts.

## AMERICAN GATEWAYS.

**Picturesque Typical Structures of Massive Logs.**

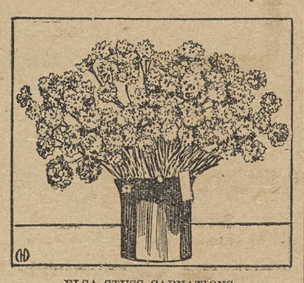
In suburban New York and Philadelphia substantial gateways with posts of stone are roofed with rustic work. This is a typical form of gateway in Japan. Among the most curious of typical American gateways, fashioned after the roofed entrances of the Japanese, are those formed of rustic logs arranged in groups to form massive posts of cabin and tent-like structure says Floral Life. The famous "Daniel Boone gateway" is especially effective. It is formed of a number of logs of graduated length set upright, like the palisaded forts built by our pioneers.

The so called "oriental gateway of Simon Kenton" has its portal constructed after the fashion of a log cabin with the broad front doorways showing one of corresponding breadth at the back, and the driveway passing directly through the structure. The "Davy Crockett gateway" is more simple in design, being composed of single log posts—thick, heavy logs covered with rough bark—and similar logs for roofing and supporting an "old farm bell."

For a broad driveway the log constructed gate posts are set far apart, and heavy logs form the connecting gates. The crude fastening of gate to post by quaint log hinges is typical of old time makeshifts, as well as of simple and practical oriental construction.

**Notable Carnations.**

Notable at the Boston exhibition of the American Carnation society was



ELSA STUSS CARNATIONS,

Elsa Stuss (an illustration of which is here reproduced from Gardening), the winner of the Lawson gold medal.

Mrs. C. W. Ward carried off the silver medal of the Society of American Florists and Winsome received a certificate of merit.

## ROSE LEAVES

The surface of the rose bed should never be allowed to grow hard or bake, but after every rain be loosened with a forked hoe a few inches to form a dirt mulch and at the same time to keep down the weeds.

The pruning of tea roses begins about the second week in April and planting toward the end of the month.

Practically south of the Potomac and Ohio rivers tea roses are hardy, free and long lived. They make the finest ever blooming plants in nature for southern outdoor gardens.

The hybrid teas are the roses for the amateur, for from them one may cut blooms every day from June to November.

If you would have perfect roses in profusion it is imperatively necessary that you feed your plants well. Nothing in the line of fertilizers suits them so well as old, thoroughly rotted cow manure—that which is black and crumbles readily.

**Curly Hair.**

Curly hair is a constitutional, hereditary phenomenon. The curly hair curls because it is flat. Straight hair is cylindrical. Being flat, the hair has a natural tendency to assume a spiral shape. Cutting has no effect, as the cause of the flatness lies in the shape of the follicle. Hair issuing from a slanting, crooked follicle is bound to be flattened and twisted.

**Not on the Platform.**

"Gents," said the trolley car conductor, "you mustn't stand on the back platform. Yer breakin' the rules."

"Some of 'em ain't," piped up the little man. "They're standin' on my feet."—Catholic Standard and Times.

## TONS OF GOLD TREASURE.

**Vast Store of Wealth Emptied From New World Into Old.**

It has never been told how vast was the treasure that was emptied from the new world into the old in the glorious days of the Spanish dominion. We can only judge of how great it was by collateral evidence. The booties of Cortes and Pizarro are famous in annals of new world history. In them we have read how the soldiers of the former carried away only a small part of the treasures looted at Mexico, yet were so loaded down with stolen gold that when they fell from the causeway into the lake in the memorable retreat from Mexico they sank and drowned as weighted with plummets of lead; also we read how Pizarro exacted as a tribute for the liberation of the Inca Atahulpa gold that filled to the depth of several feet a room seventeen feet wide by twenty-two feet long and that was valued at 1,300,000 pesos d'or, the equivalent of nearly $15,500 of our money.

When Drake sailed the south sea in the Golden Hind upon his piratical voyage of circumnavigation in the years 1577-79 and when he captured the Nuestra Senora della Concepcion—surnamed the Cacafue or Spitfire—of Cape San Francisco, it took three days to transfer the treasure from the captured ship to his own. In that single haul there was realized a "purchase," as it was called, of over twenty-six tons of silver, besides eighty pounds of virgin gold, thirteen chests of pieces of eight containing over $1,000,000 in money and an enormous amount of jewels and plate.

Upon the evidence of John Drake we read that when the Golden Hind laid her course for England, by way of the Cape of Good Hope, she was so heavily "ballasted" with pure silver that she "rode exceeding deep in the water."—Harper's Magazine.

## THE MOONSTROKE.

**A Sailor's Experience After a Night Nap on Deck in the Tropics.**

"People laugh at moonstrokes," said a sailor. "They call them shellbacks' superstition. I once had a moonstroke, though, and I tell you it was no laughing matter.

"In a full moon one night in the tropics I fell asleep on deck. The moon shone directly on me. I lay in a white pool of moonlight. So three hours went by.

"Then, when they woke me, I felt like a man in a dream. My mouth hung open, as it does when I sleep, and I couldn't close it, and my head lay over on the side, and I couldn't straighten it up.

"Nor could I understand what people said to me, nor could I obey orders. Voices I'd hear far away, but they seemed meaningless, unpleasant. I was very drowsy. All I wanted was sleep.

"They worked on me for two days, rubbing me down with cold water and dosing me with castor oil, before they brought me round. And always after that I have been careful never to sleep where the moon's rays could get at me. My moonstroke happened eight years ago, but still at every full moon I am stupid and drowsy, my head droops a little to one side, and my mouth tends to hang open.

"There's many a sailor has been moonstruck, but this accident never befalls landsmen. Landsmen, you see, never sleep out of doors."—New York Herald.

**The Ducking Stool In England.**

The lastest recorded use of the ducking stool in England (the designations cucking and ducking were, of course, synonymous in the days of Queen Elizabeth) was in 1809. It was at Leominster, when a woman named Jenny Pipes, alias Jane Corran, was paraded through the town on the ducking stool and ducked in the water near Kenwater bridge by order of the magistrates. In 1817 another woman, called Sarah Leake, was wheeled round the place in the same chair, but not ducked, as, fortunately for her, the water was too low. The instrument of punishment in question has not been used since then.—London Notes and Queries.
